## WORK EXPERIENCE

**Senior Graphic Designer**

2024 – Present

*Solana Superteam, Gombe, Nigeria*

- Led brand visual direction for Solana Superteam campaigns and community events.
- Contributed design strategies that increased social media visibility, community engagement, and campaign shareability.

**Web Developer Intern**

2023 – 2024

*Braitek Computers, Gombe, Nigeria*

- Developed responsive websites using HTML, CSS, JavaScript, and React.
- Improved UI responsiveness and reduced recurring bugs by applying iterative testing and refinement workflows.

## SELECTED FREELANCE DESIGN WORK (CRYPTO / WEB3 / FINTECH)

- **ConstructKoin** – Designed branding assets, motion graphics, campaign visuals, and community content.
- **Remittix** – Produced crypto-focused identity elements, illustrations, and social content for community scaling.
- **Amana Transfert d'Argent** – Created brand illustrations and animation content for cross-border financial services.
- **Biao / Coinbased and multiple memecoin communities** – Developed meme characters, animated loops, and social content achieving viral traction across Web3 communities.

## CERTIFICATIONS

**NYSC — National Youth Service Corps**

October, 2024

## PROJECTS

- **Tunetiles (Web Game)** – Piano-tile style rhythm game built using React + Spotify API; designed full UI in Figma and delivered polished gameplay UX with interactive music mechanics.
- **Jumpy (Unity Platformer)** – 2D Unity C# platformer featuring procedural AI-generated levels; designed UI screens in Figma; implemented structured player feedback loop.
- **Web3 Music Distribution Platform (In Development)** – Building a decentralized media distribution system; exploring wallet-based licensing, artist payouts, and crypto-integrated content distribution.
